

Horizon2020

SC1 – Health, Demographic change and
Wellbeing - Opportunità per l'area
“Salute (2018-2020)”

Bruno MOURENZA

Horizon 2020

Punto di Contatto Nazionale SC1

13/10/2017

AGENDA della giornata

1

- Introduzione: Horizon 2020 – 3 pilastri

2

- Focus Salute – SC1

3

- Altre opportunità nell'ambito Salute

H2020/ The Three Pillars

Struttura del programma H2020

Excellent Science

- **European Research Council**
 - Frontier research by the best individual teams
- **Future and Emerging Technologies**
 - Collaborative research to open new fields of innovation
- **Marie Skłodowska Curie actions**
 - Opportunities for training and career development
- **Research infrastructures** (including e-infrastructure)
 - Ensuring access to world-class facilities

Industrial Technologies

- **Leadership in enabling and industrial technologies**
 - ICT, nanotechnologies, materials, biotechnology, manufacturing, space
- **Access to risk finance**
 - Leveraging private finance and venture capital for research and innovation
- **Innovation in SMEs**
 - Fostering all forms of innovation in all types of SMEs

Societal Challenges

- **Health, demographic change and wellbeing**
- Food security, sustainable agriculture, marine and maritime research & the bioeconomy
- Secure, clean and efficient energy
- Smart, green and integrated transport
- Climate action, resource efficiency and raw materials
- Inclusive, innovative and reflective societies
- Secure societies

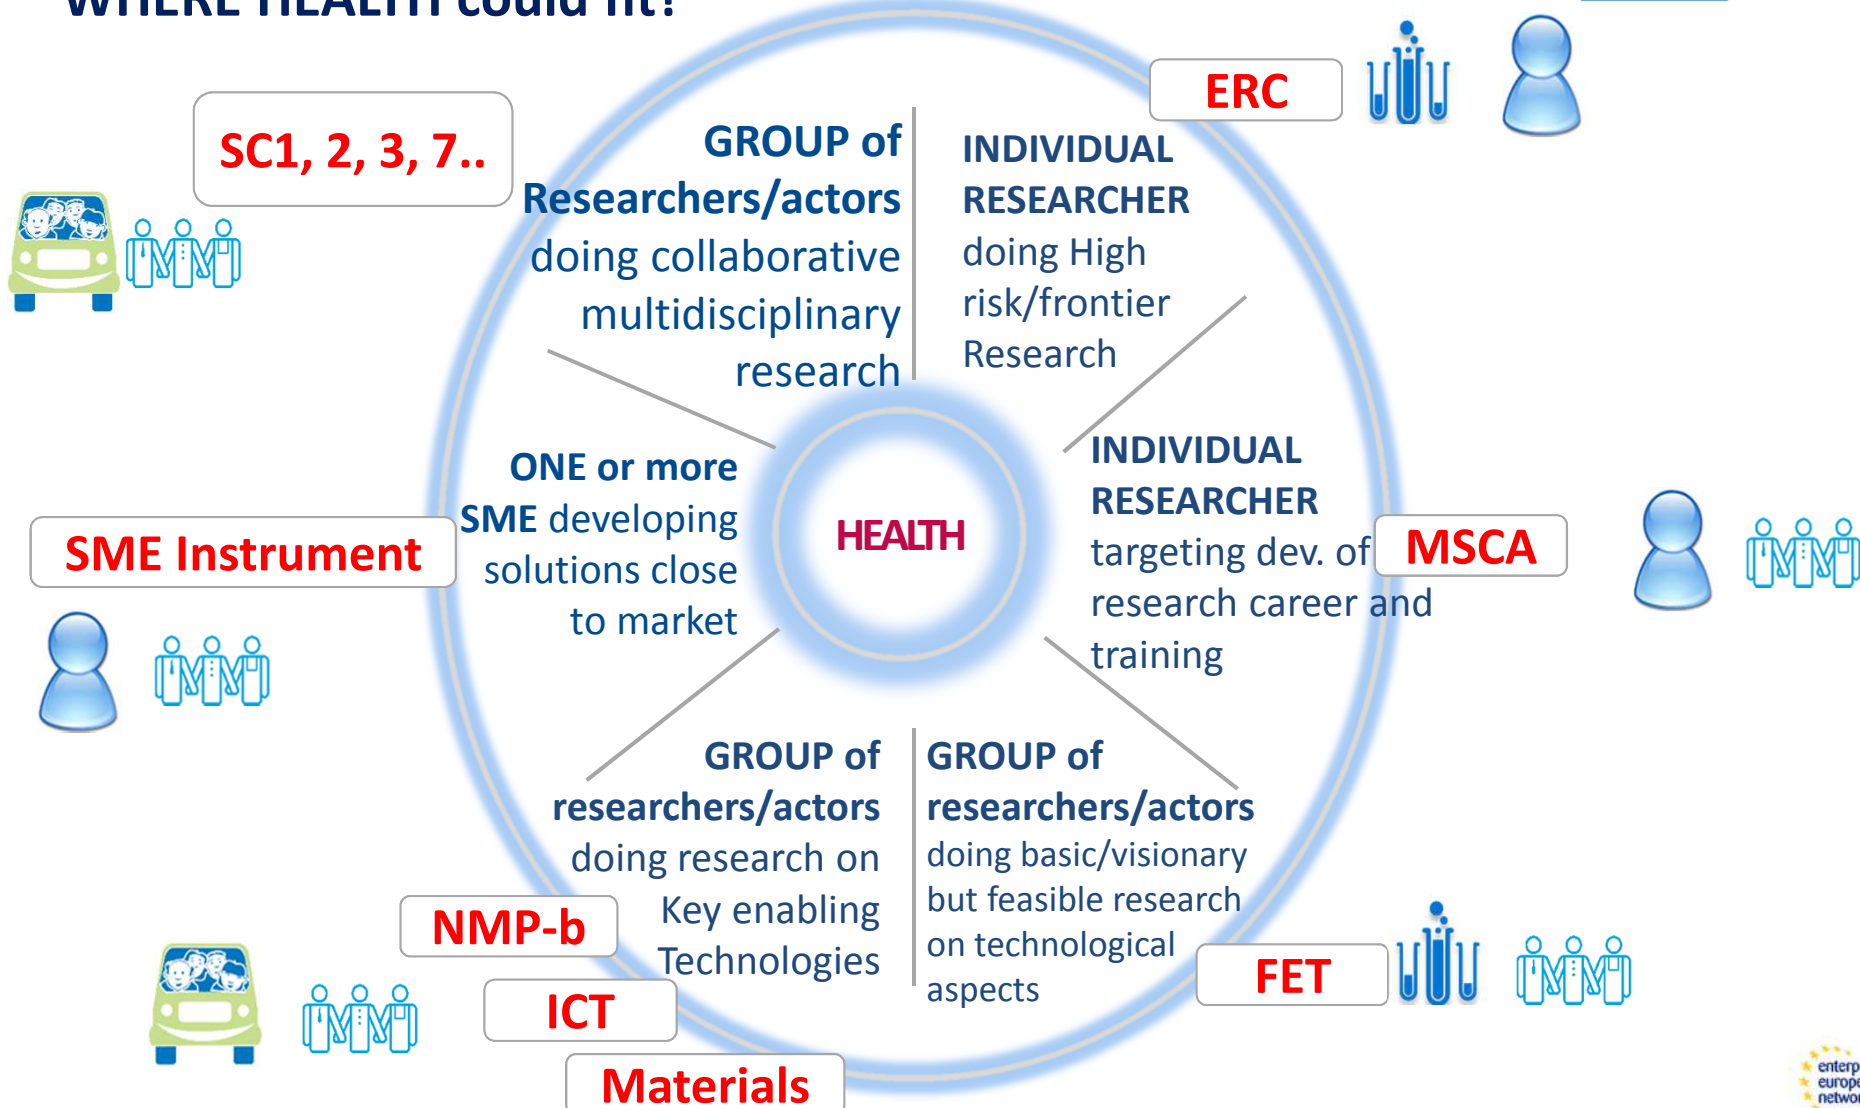

European Institute of Innovation and Technology (EIT)

Spreading Excellence and Widening Participation

Science with and for society

Joint Research Center (JRC)

STRUCTURE OF THE PROGRAMME: WHERE HEALTH could fit?

2° PILLAR

INDUSTRIAL LEADERSHIP

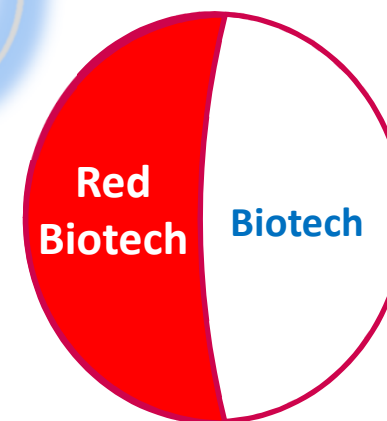

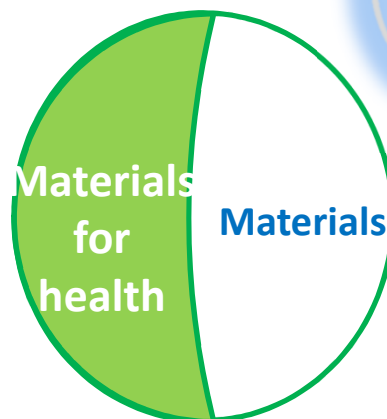

Connections to Health in Pillar II

Industrial Technologies

- **Leadership in enabling and industrial technologies**
 - ICT, nanotechnologies, materials, biotechnology, manufacturing, space
- **Access to risk finance**
 - Leveraging private finance and venture capital for research and innovation
- **Innovation in SMEs**
 - Fostering all forms of innovation in all types of SMEs

3° PILLAR

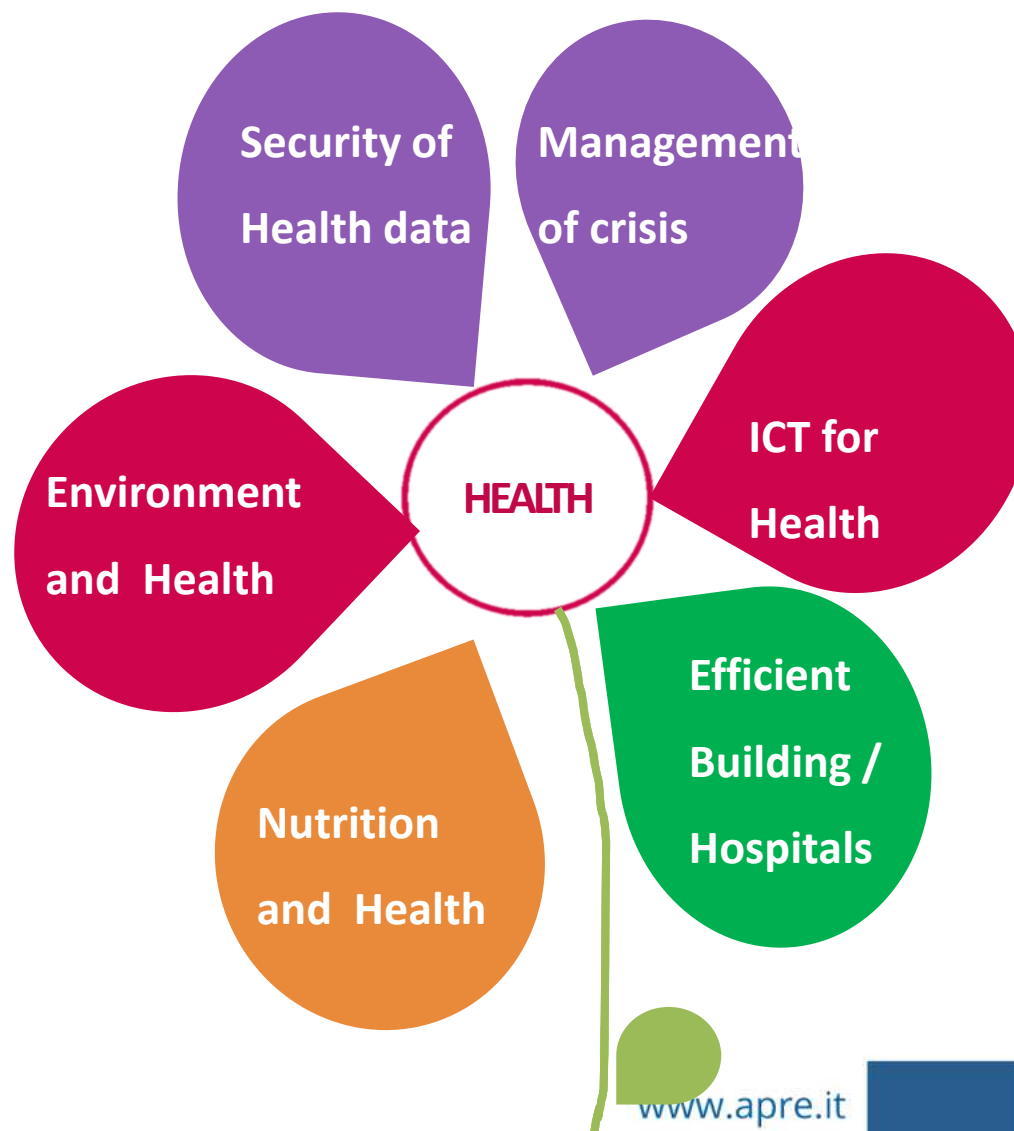

SOCIETAL CHALLENGES

HEALTH implications in Societal Challenges

Societal Challenges

- **Health, demographic change and wellbeing**
- **Food security, sustainable agriculture, marine and maritime research & the bioeconomy**
- **Secure, clean and efficient energy**
- **Smart, green and integrated transport**
- **Climate action, resource efficiency and raw materials**
- **Inclusive, innovative and reflective societies**
- **Security society**

SC1. HEALTH, DEMOGRAPHIC CHANGE AND WELLBEING

Programmazione dei prossimi 3 anni di H2020

SC1 2018-2020

Nuova struttura del WP SC 1 2018-2020

Call 1. Better health and care, economic growth and sustainable health systems (RTD)

- 1.1 Personalised medicine
- 1.2 Innovative health and care industry
- 1.3 Infectious diseases and improving global health
- 1.4 Innovative health and care systems – Integration of care
- 1.5 Decoding the role of the environment for health and well-being

Call 2. Digital Transformation in Health and Care (CNECT)

Call 3. Trusted digital solutions and cybersecurity in health and care (CNECT)

Other actions (including prizes)

2020: Calls 1. and 2. and Other actions - only titles, no text

Call 1 - Better Health and care, economic growth and sustainable health systems

aims to achieve:

- ☐ Develop sustainable health and care systems and growth opportunities for the health and care related industries;
- ☐ Health and care systems and services more accessible, responsive and efficient

The scope of the call may range from **prevention, diagnosis, stratified approaches, predictive toxicology, novel and repurposed therapeutic approaches, including medical technologies and advanced therapies, cohorts and registries-based research, integration of care and systemic digital solutions for health and ageing well**

Call 2 - Digital transformation in Health and Care

aims to achieve:

❑ transformation of health and care services to more digitised, person-centred and community-based care models.

❑ Maximize the potential of the digital economy in the health and care sectors

❑ 2 relevant priorities to the EC and to the European Cloud Initiative and the European Free Flow of Data Initiative

The call **will address eHealth, mobile health (mHealth) and Information and Communication Technologies (ICT) for Active and Healthy Ageing.**

Call 3 - Trusted digital solutions and Cybersecurity in Health and Care

aims to achieve:

- ❑ Cybersecurity to assure data privacy, security and protection of health and care infrastructures.
- ❑ contribute to the following Focus Areas from WP ICT 2018-20: 'Digitising and transforming European industry and services' and 'Boosting the effectiveness of the Security Union'.

It addresses the *need for secure and user-driven ICT-based solutions in early risk detection and interventions with big data approaches* that enable aggregation of a variety of new and existing data sources such as medical records, registries, social platforms and other environmental, physiological and behavioural data, including data from large scale pilots on smart living environments.

Call - Better Health and care, economic growth and sustainable health systems

1.1 Personalised medicine	9
SC1-BHC-01-2019: Understanding causative mechanisms in co- and multimorbidities	10
SC1-BHC-02-2019: Systems approaches for the discovery of combinatorial therapies for complex disorders	11
SC1-BHC-03-2018: Exploiting research outcomes and application potential of the human microbiome for personalised prediction, prevention and treatment of disease	12
SC1-BHC-04-2018: Rare Disease European Joint Programme Cofund	13
SC1-BHC-05-2018: International flagship collaboration with Canada for human data storage, integration and sharing to enable personalised medicine approaches	16
SC1-HCO-01-2018-2019-2020: Actions in support of the International Consortium for Personalised Medicine	18
SC1-HCO-02-2018: Data integration and data-driven in-silico models for enabling personalised medicine - a European standardization framework	21
SC1-HCO-04-2018: ERA-NET to support the Joint Programming in Neurodegenerative Diseases strategic plan (JPND)	23
1.2 Innovative health and care industry	24
SC1-BHC-07-2019: Regenerative medicine: from new insights to new applications	24
SC1-BHC-09-2018: Innovation platforms for advanced therapies of the future	25
SC1-BHC-10-2019: Innovation Procurement: Next generation sequencing (NGS) for routine diagnosis	27
SC1-HCO-05-2018: Strengthening regulatory sciences and supporting regulatory scientific advice	28
1.3 Infectious diseases and improving global health	29
SC1-BHC-13-2019: Mining big data for early detection of infectious disease threats driven by climate change and other factors	30
SC1-BHC-14-2019: Stratified host-directed approaches to improve prevention, treatment and/or cure of infectious diseases	32
SC1-BHC-15-2018: New anti-infective agents for prevention and/or treatment of neglected infectious diseases (NID)	33
SC1-BHC-16-2018: Global Alliance for Chronic Diseases (GACD) - Scaling-up of evidence-based health interventions at population level for the prevention and management of hypertension and/or diabetes	35
SC1-BHC-18-2018: Translational collaborative cancer research between Europe and the Community of Latin American and Caribbean States (CELAC)	39

SC1-BHC-19-2019: Implementation research for maternal and child health.....	41
SC1-BHC-21-2018: Research on HIV, tuberculosis (TB) and/or hepatitis C (HCV) in patients with mono-, co-infections and/or comorbidities in the context of fostering collaboration with the Russian Federation.....	43
SC1-HCO-06-2018: Establishment of an International Network of Social Sciences Research Centres to help address governance and other challenges in the preparedness for and the response to infectious threats.....	45
SC1-HCO-08-2018: Creation of a European wide sustainable clinical research network for infectious diseases.....	47
SC1-HCO-09-2018: Building international efforts on population and patient cohorts.....	49
SC1-HCO-10-2018: Coordinating European brain research and developing global initiatives.....	50
SC1-HCO-11-2018: Strategic collaboration in health research and innovation between EU and China.....	51
1.4. Innovative health and care systems - Integration of care.....	52
SC1-BHC-22-2019: Mental health in the workplace.....	52
SC1-BHC-23-2018: Novel patient-centred approaches for survivorship, palliation and/or end-of-life care.....	54
SC1-BHC-25-2019: Demonstration pilots for implementation of personalised medicine in healthcare.....	55
SC1-BHC-26-2018: HTA research to support evidence-based healthcare.....	57
SC1-HCO-12-2018: Innovation in healthcare - a CSA towards using pre-commercial procurement and public procurement of innovative solutions in healthcare systems.....	59
1.5 Decoding the role of the environment, including climate change, for health and well-being.....	61
SC1-BHC-27-2018: New testing and screening methods to identify endocrine disrupting chemicals.....	62
SC1-BHC-28-2019: The Human Exposome Project: a toolbox for assessing and addressing the impact of environment on health.....	63
SC1-HCO-13-2018: Setting the priorities for a European environment, climate and health research agenda.....	65
Conditions for the Call - Better Health and care, economic growth and sustainable health systems.....	66
Call - Digital transformation in Health and Care	72
SC1-DTH-01-2019: Big data and Artificial Intelligence for monitoring health status and quality of life after the cancer treatment.....	72
SC1-DTH-03-2018: Adaptive smart working and living environments supporting active and healthy ageing.....	74
SC1-DTH-05-2019: Large scale implementation of digital innovation for health and care in an ageing society.....	76

SC1-DTH-07-2018: Exploiting the full potential of in-silico medicine research for personalised diagnostics and therapies in cloud-based environments	79
SC1-DTH-08-2018: Prototyping a European interoperable Electronic Health Record (EHR) exchange	80
SC1-DTH-09-2019: Scaling up the univocal Identification of Medicinal Products	83
SC1-DTH-10-2019-2020: Digital health and care services	86
SC1-DTH-11-2019: Large Scale pilots of personalised & outcome based integrated care	89
SC1-HCC-01-2018: Supporting investment in smart living environments for ageing well through certification	90
SC1-HCC-02-2019: Support for the large scale uptake of open service platforms in the Active and Healthy Ageing domain	92
SC1-HCC-03-2018: Support to further development of international cooperation in digital transformation of health and care	94
SC1-HCC-04-2018: Digital health and care services – support for strategy and (early) adoption	95
SC1-HCC-05-2018: Support to a Digital Health and Care Innovation initiative in the context of Digital Single Market strategy	98

Conditions for the Call - Digital transformation in Health and Care	101
---	-----

Call - Trusted digital solutions and Cybersecurity in Health and Care 105

Focus Area on Digitising and transforming European industry and services.....	105
DT-TDS-01-2019: Smart and healthy living at home.....	107

Focus Area on Boosting the effectiveness of the Security Union	110
SU-TDS-02-2018: Toolkit for assessing and reducing cyber risks in hospitals and care centres to protect privacy/data/infrastructures	110
SU-TDS-03-2018: Raising awareness and developing training schemes on cybersecurity in hospitals	111

Conditions for the Call - Trusted digital solutions and Cybersecurity in Health and Care	112
--	-----

Other actions..... 115

1. Subscription fee: Human Frontier Science Programme Organisation	115
2. Studies, activities of the Scientific Panel for Health, conferences, events and outreach activities	115
3. External expertise	116
4. Grant to the Global Alliance for Chronic Diseases	116
5. Commission expert group for the impact assessment of the planned Commission communication on infectious diseases	116
6. Subscription fee: World RePORT international health research database	117

CALLS and OTHER ACTIONS for 2020	119
Call - Better Health and care, economic growth and sustainable health systems (continued in 2020).....	119
Draft content for 2020	119
Other Actions for 2020	120
1. Subscription fee: Human Frontier Science Programme Organisation	120
2. Mobilisation of research funds in case of Public Health Emergencies	120
Call - Digital Transformation in Health and Care.....	121
Draft content for 2020	121
Call - Trusted digital solutions and Cybersecurity in Health and Care	122
Draft content for 2020	122
Budget.....	123

Pre-pubblicazione del Work Programme SC1 – 2018-2020

https://ec.europa.eu/programmes/horizon2020/sites/horizon2020/files/vs.10.2_for_pre-publication_h2020-sc1-2018-2020_10_09_2017.pdf

Tempi di pubblicazione, le scadenze, l'uso del single o doppio stage?

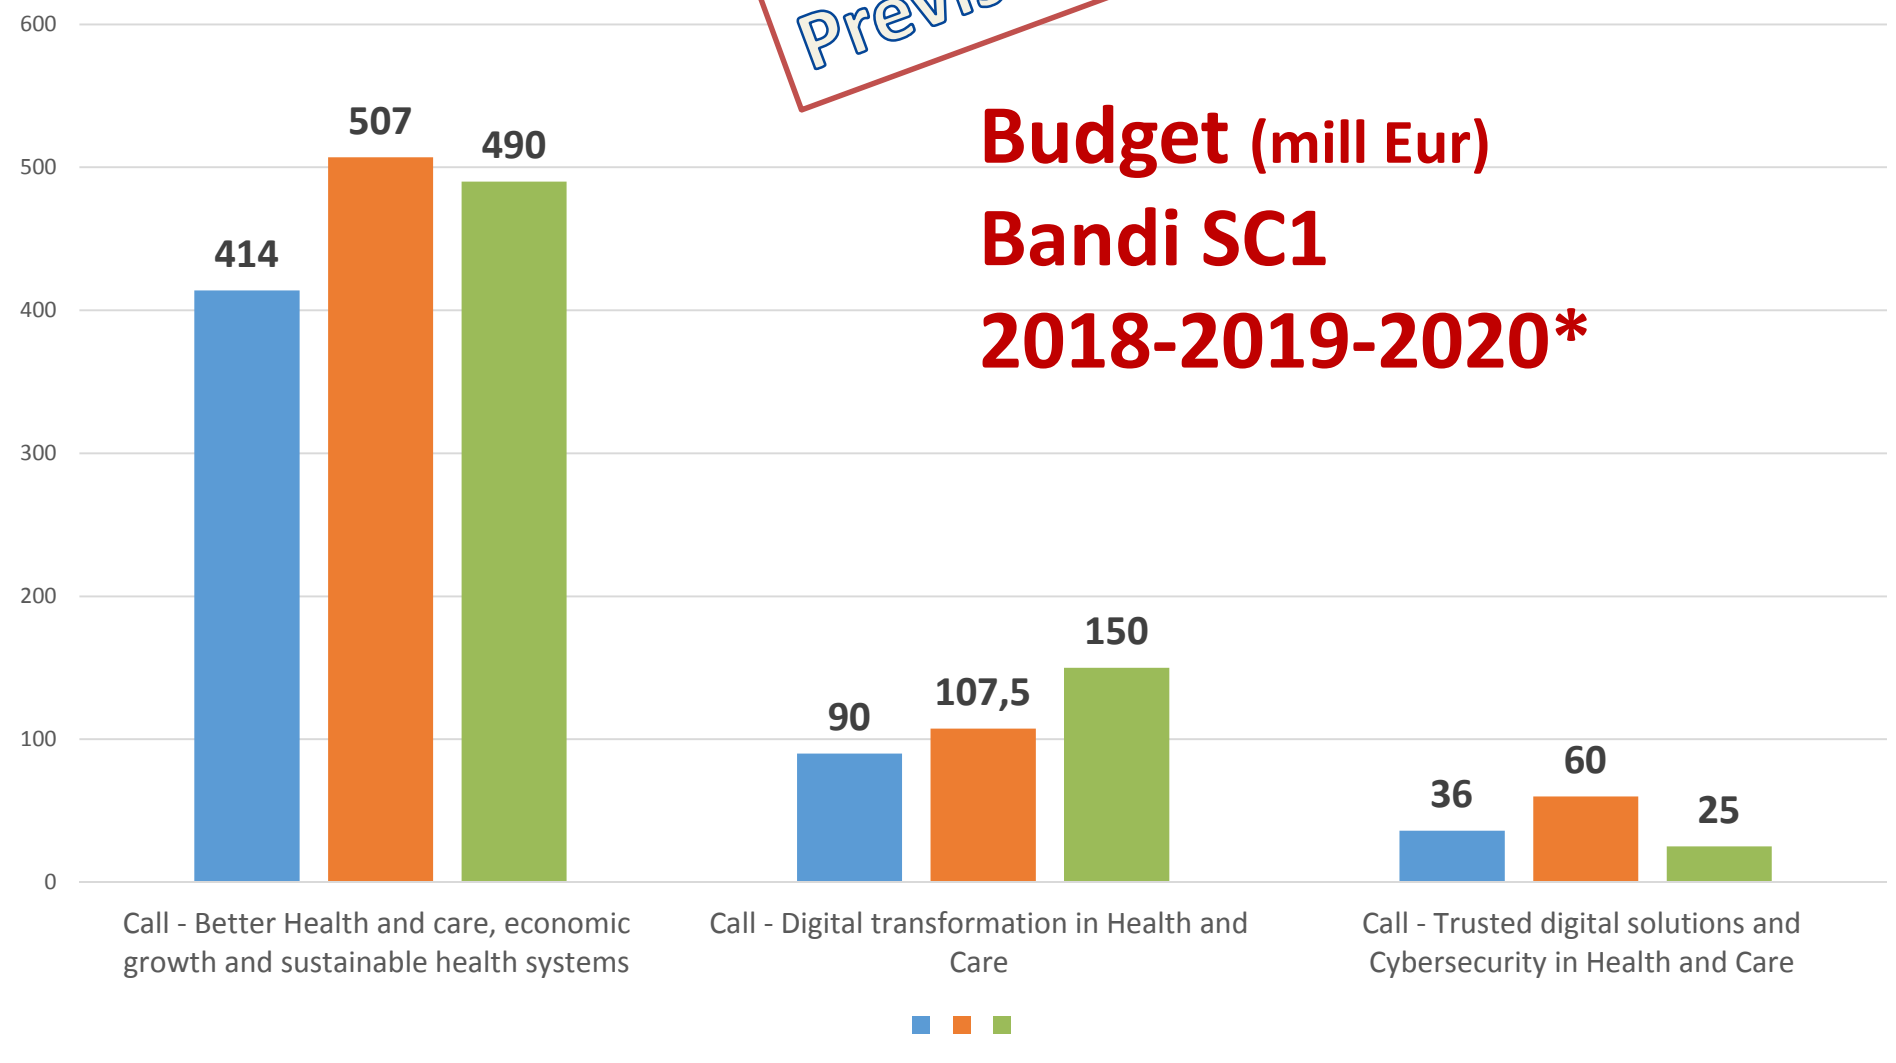

Previsionali

➤ Previsti bandi SINGLE STAGE e DOPPIO STAGE*

Call	2018		2019		2020
	Opening	Deadline	Opening	Deadline	
1 Better Health and care, economic growth and sustainable health systems DG RTD	Nov 2017	Feb 2018*	Jul 2018	Oct 2018*	<i>To be defined</i>
		Sett 2018*		Apr 2019*	
		Apr 2018	Sep 2018	Apr 2019	
2 Digital transformation in Health and Care DG Connect	Oct 2017	Apr 2018	Oct 2018	Apr 2019	
3 Trusted digital solutions and Cybersecurity in Health and Care DG Connect	Oct 2017	Apr 2018	Jul 2018	Oct 2018	

Previsionali

The contribution to Focus Areas will be EUR 186.50 million for 'Digitisation' and EUR 71 million for 'Security Union'.

**Other Actions excluded*

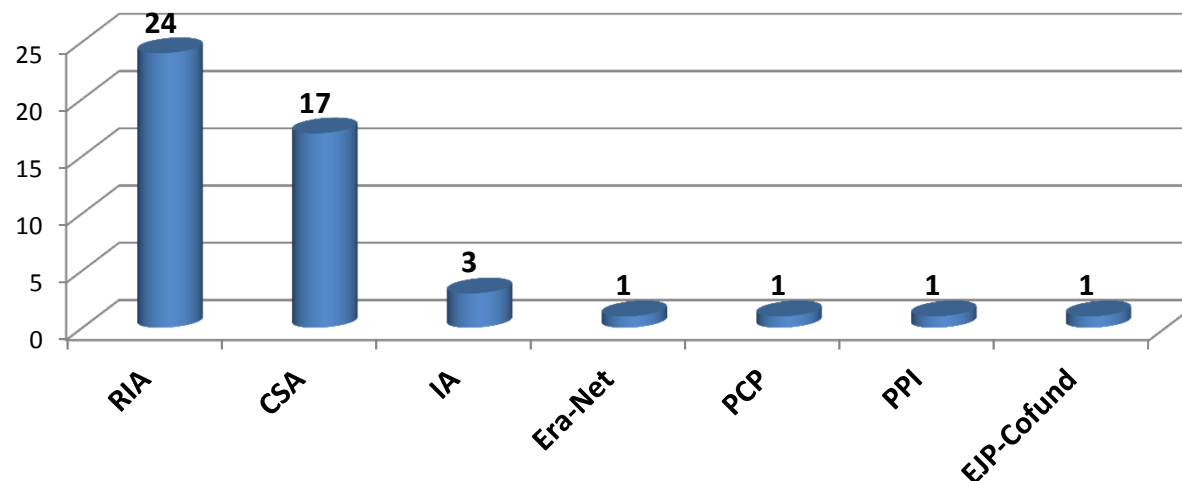

Quali sono Gli strumenti utilizzati (RIA, IA , PCP , Eranets...?) ?

Ci sono progetti di grandi, medie , piccole dimensioni?

Ci sono evidenti aree di interesse sulla cooperazione extra UE (USA, ASIA, ..AFRICA..ecc?)

- 48 topics (2018-2019) + 21 nel 2020 – senza considerare *Other actions*. (9 +7)
- Presenti RIA, IA, CSA, PCP, PPI, Era-Net, EJP

No. of topics vs Funding scheme

- Presenti progetti di piccoli e grandi dimensioni (da 1,5 3, 6, 10, a 50 mill. Eur)
- Cooperazione internazionale maggiormente implementata attraverso Joint Calls (CELAC, Russia, China, Canada) e in aree di rilevante interesse per EU:
 - *human data on personalized medicine approaches with Canada*
 - *non-communicable diseases CELAC*
 - *HIV, tuberculosis and/or hepatitis C with Russia*
 - *Strategic collaboration on healthcare R&I with China*

innovative
medicines
initiative

efpia

IMI 2 budget

EFPIA = **E**uropean **F**ederation of **P**harmaceutical **I**ndustries and **A**ssociation

* Imaging, Diagnostics, IT for health etc.

Strategic Research Agenda

- Antimicrobial resistance
- Osteoarthritis
- Cardiovascular diseases
- Diabetes/Metabolic disorders
- Neurodegenerative diseases
- Psychiatric diseases
- Respiratory diseases
- Immune-mediated diseases
- Ageing-associated diseases
- Cancer
- Rare/Orphan Diseases
- Vaccines

The right prevention and treatment
for the right patient at the right time

Strategic Research Agenda for
Innovative Medicines Initiative 2

**Aligned with
WHO priorities**

Who is eligible for funding?

- Academic institutions
- Small & medium-sized enterprises (SMEs)
- Mid-sized enterprises (\leq €500m)
- Non-profit organisations e.g. research organisations, patient organisations, NGOs, public bodies, intergovernmental organisations etc.

Established in:

- EU Member States
- Associated Countries

Other countries:

No funding **unless**

- **participation deemed essential** by IMI for carrying out the action
- **Annual Work Plan / Calls documents**

New!

At least three legal entities

IMI partner search tool: <https://cloud.imi.europa.eu/web/eimi-pst>

IMI 2 – Call 8 includes the following topic:

- *Ebola and other filoviral haemorrhagic fevers (Ebola+)*
programme: future outbreaks

The indicative budget for the entire period of 2 years is **€70 million**.

Deadlines

The Call will remain **open for two years**, with the following **cut-off dates**:

- 16 March 2016
- 15 September 2016
- 16 March 2017
- 14 September 2017
- 15 March 2018

IMI 2 – Call 11 - includes the following topic :

Deadline **24 October 2017**:

- **Exploitation of IMI project results**

IMI 2 – Call 12 - includes the following topic :

Deadline **24 October 2017 (1st stage)**:

Topic 1 : Development and validation of technology enabled, quantitative and sensitive measures of **functional decline in people with early stage Alzheimer's disease** (RADAR-AD)

Topic 2: FAIRification of IMI and EFPIA data

Topic 3: Development of sensitive and validated clinical endpoints in primary **Sjögren's Syndrome (pSS)**

Topic 4: European Health Data Network (EHDN)

Topic 5: Analyzing the **infectious disease** burden and the use of vaccines to improve healthy years in aging populations

Topic 6: Discovery and characterisation of blood-brain barrier targets and transport mechanisms for brain delivery of therapeutics to treat **neurodegenerative & metabolic diseases**

Topic 7: European Screening Centre: unique library for attractive biology (ESCulab)

Topics under consideration for future IMI Calls for proposals:

<https://www.imi.europa.eu/content/future-topics>

A European Innovation Partnership

I settori d'intervento prioritari sono stati individuati nel piano strategico di attuazione e nel piano operativo, adottati nel 2011 dal gruppo direttivo incaricato dell'avvio e dell'attuazione della partnership.

Per realizzare il piano tutti i soggetti interessati hanno iniziato a collaborare nell'ambito di gruppi d'azione.

- ✓ Action Group A1: **Prescription and adherence** action at regional level.
- ✓ Action Group A2: Personalized health management: **Falls prevention**.
- ✓ Action Group A3: Prevention of functional **decline and frailty**.
- ✓ Action Group B3: **Integrated care for chronic diseases**, including remote monitoring at regional level.
- ✓ Action Group C2: Interoperable independent **living solutions**.
- ✓ Action Group D4: Age **friendly buildings, cities and environments**.

Stakeholders wishing to get involved in the advancing of Specific Actions have formed **Action Groups** through the "Invitation for Commitment" application process.

In each Action Group, stakeholders commit to running a number of activities, contributing towards the headline target, starting with the creation and implementation of an Action Plan.

Submit your commitment

Logged in via ECAS as *nmourebr*.

New content: *Your draft will be placed in moderation.*

The EIP on AHA opens a new "Call for Commitments" inviting organisations to get involved in developing, promoting or deploying innovative solutions for active and healthy ageing.

A commitment is an individual activity regarding the declaration of intention on the work that one or several organisations will be doing in the context of an [Action Group](#). The commitments are organised within 6 Action Groups and must be in line with the overall priorities of the EIP on AHA.

You can submit your commitment by filling in the following form. Before submitting it, please consult the Action Plans AG [A1](#), [A2](#), [A3](#), [B3](#), [C2](#), [D4](#) to have an overall approach of the planned work and to define the Objective to which your commitment shall contribute. If you cannot find a suitable objective under which you can include your commitment, please choose the option "Other objective".

If you have any doubt when submitting your commitment, please read [the FAQs page](#), of this call or send an email to EC-EIP-AHA@ec.europa.eu explaining your doubt.
