Come contribuire?

- Vision and Mission**
- Key Strategic Shifts in the New Strategy
- 1. Expanding the open government community to become a much broader, more interconnected movement of open government reformers
- 2. Moving from individual actions and OGP commitments to making open government the norm across all levels and branches of government
- 3. Welcoming diverse policy priorities but also setting Partnership-wide, collective policy goals for all national and local members
- 4. Becoming the home for inspiration, innovation, evidence and stories on open

Vision and Mission

P1

OGP's vision is of healthier democracies where governments are open and responsive, and everyone has the opportunity to shape and oversee public policies and services, so that better outcomes are delivered for all.

everyone has the opportunity to shape and oversee public policies and services, so that better outcomes are delivered for all.

this part could be rephrased to: everyone has the opportunity to participate in shaping and overseeing public policies and services
