# Grants – What are they?

Grants are a **donation** to a third-party (= the beneficiary) engaged in activities that serve Union policies.

Grants fall into two broad categories:

- **grants for actions**, intended to help achieve objectives that are part of a Union policy
- **operating grants**, that finance the functioning of a body whose objectives are part of a Union policy. These are based on a work programme.

We can have **mono-beneficiary** and **multi-beneficiary**.

A grant is a donation to finance

An action

The functioning of a body

# Types of EU4Health grants

Procedure type	How will you learn about the opportunity?	Type of applicants targeted
Direct grants to Member States (incl. joint actions)	Requires nomination from your country	One Competent Authority per country (+ Affiliated Entities)
Direct grants to bodies identified in the EU4H Regulation		Specific entities as defined in the call text
Open call for proposals (action or operating grants)	Published on Funding and Tenders portal	Range of stakeholders e.g. science, academia, health authorities & institutions, NGOs... as defined in the call text

# Procurements – What are they?

Public procurement means the **purchasing of works, supplies and services** by public bodies.

Initiative and control lie entirely with the contracting authority who produces the detailed specifications.

The **result** of the action becomes the **property of the contracting authority**.

Within public procurement, the contractor's invoice is only paid in exchange of the delivered services, as per the contract signed by both parties.

The price includes **profit** for the economic operator.

## What is TED eTendering?

TED eTendering is an EU institutions' eProcurement platform based on EU Directives on public procurement. Allowing free electronic access to call for tenders' documents such as contractual documentation, technical specifications, annexes, questions and answers etc., TED eTendering effectively represents an added-value extension to TED (Tenders Electronic Daily), the online version of the "Supplement to the Official Journal of the European Union".

## How can I benefit from TED eTendering?

TED eTendering provides free electronic access to calls for tenders published by EU institutions, agencies and other bodies. It is integrated and synchronized with TED eNotices and TED website, where public procurement notices are published.

TED eTendering users can benefit from the following services:

### Contracting Authorities

- A collaborative eProcurement environment for preparing and publishing call for tenders' documentation
- Easy management of the preparation and publication of questions and answers
- Synchronization with the contract notice filled in on TED eNotices and published on TED website
- Automatic publication of the call for tenders on the same day as the contract notice
- Generation of reports, statistics on documents downloaded, subscribers etc.
- Possibility to publish calls for tenders for all types of procedures, even lower value procedures independently from TED website

# EU CAYAS NET: EU Network of Young Cancer Survivors

**Objective:** to establish a European network of young cancer survivors through the development of an interactive, virtual platform.

**Project** led by patient advocates, under the Europe Beating Cancer Plan

**Duration:** 2 years (01/09/2022 – 31/08/2024)

**Total cost of the project:** 6,2M EUR; **EU Contribution:** 5M EUR

**Participants:** 9 beneficiaries + 33 associated partners, from 18 countries

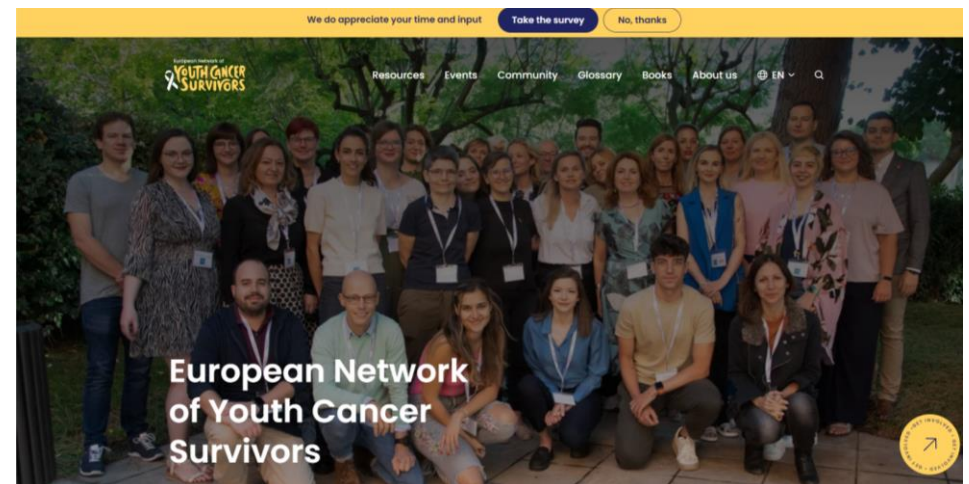

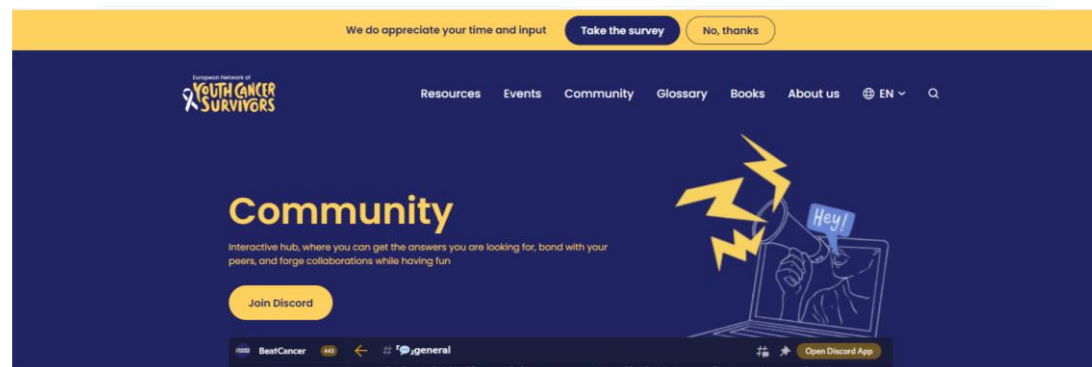

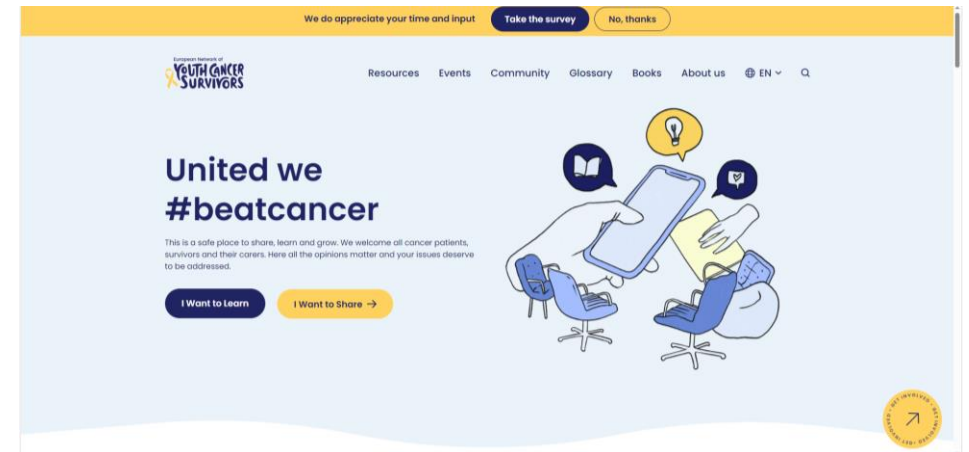

**Expected outcome:** To improve the quality of life of young cancer survivors through the creation of a knowledge center and an EU-wide multilingual platform that brings together cancer patients, health care professionals and care institutions.

# EU CAYAS NET: EU Network of Young Cancer Survivors

## Achievements up to present:

- The network platform is online: <https://beatcancer.eu/>
- Community of over 200 users, mostly young cancer survivors
- Content about topics chosen by cancer patients:
  - quality of life;
  - care for adolescents and young adults;
  - equality, diversity and inclusion
- Activities organized: trainings, peer visits, webinars, meetings, videos
